

Total Materia

Total Materia is the world's most comprehensive materials database providing lightning fast access to properties for over 450,000 metals, polymers, ceramics and composites.

 12M property records

 450K materials

 69 countries/standards

- ✓ Properties for 450,000+ Materials
- ✓ Metals, Polymers, Ceramics, Composites
- ✓ 69 Standard Development Organizations
- ✓ International Cross-Reference Tables
- ✓ Chemical Composition
- ✓ Mechanical and Physical Properties
- ✓ Multiple Material Comparison Options
- ✓ 2,000+ Sources for Advanced Data
- ✓ 150,000+ Stress-Strain Curves
- ✓ 15,000+ Materials with Cyclic Properties
- ✓ Property Estimation and Interpolation
- ✓ Data Export to CAE Software
- ✓ Identification of Unknown Materials
- ✓ Standard and Material Update Tracking

From consultants, small enterprises, and medium sized businesses, through to the largest multinational organizations, Total Materia has a package and licensing option to suit your needs.

Components

From our flagship metals database containing data for over 450,000 alloys to our new non-metallics component PolyPLUS, Total Materia supplies the number one resource for material properties. In Extended Range a unique resource of stress-strain, fatigue data and much more assists in reducing critical data sourcing tasks and opens more opportunities in design.

 Total Metals	<i>The World's Most Comprehensive Metals Database</i>
 PolyPLUS	<i>Property data for thousands of non-metallic materials</i>
 Extended Range	<i>Unparalleled advanced material properties resource</i>
 Smart Comp	<i>Immediate material identification</i>
 DataPLUS	<i>Providing corrosion data, dimensions and coatings</i>
 eXporter	<i>Bridge the gap between data source and CAE software</i>
 Tracker	<i>Providing important standard and material updates</i>
 Suppliers	<i>Metal supplier sourcing directory and search engine</i>

PRODUCT EDITIONS

 **WEB EDITION**

 **DESKTOP EDITION**

 **WEB+DESKTOP**

Total Materia can be accessed through a range of product edition options, for single users and multiuser set ups, for companies small and large all the way through to corporate solutions for international businesses.

Multi-user Licensing

Distribute the informational power and knowledge of the Total Materia Databases with access incorporated into your intranet. You and all your colleagues can access the database on an "as needed" basis any time, directly within your corporate network.

Product Packages

Total Materia offer a range of packages carefully created to provide an ideal solution for all possible material data needs.
